

THE POWER OF \$20 VIDEO SCRIPT

20 dollars doesn't seem like a lot these days, but there's a lot you can do with it.

You can buy coffee and a donut, maybe buy a video game on clearance, or even buy a meal or two. But what if I told you with that same 20 dollars, you can make up to 84 peanut butter and jelly sandwiches. That's right. 84.

Now, think about this, in 2023, there were over 582,000 people who experienced homelessness and over 380,000 churches in America.

If one person, from each of those churches, spent 20 dollars to make 84 peanut butter and jelly sandwiches, it would feed our homeless for 18 days, three times a day.

If the 213 million Christians in America spent 20 dollars to make 84 peanut butter and jelly sandwiches, it would feed our homeless for 28 years, three times a day.

One person.

20 dollars.

84 peanut butter and jelly sandwiches.

That's the power of 20 dollars.

So how can you help today?

I have three simple steps.

One, talk to your family, friends, and church about hosting a PB&J Day in your area.

Two, plan a PB&J Day within 30 days to keep the momentum and support going.

And three, share your day with us and three other people.

That's it.

Spreading the love of God with a sandwich.

To learn more about starting a PB&J Day in your area or to receive for

information, go to our website at pbandjdays.com or on social media at @pbandjdays.
